

SAILING KNOTS

My name is Ally Fuller, I just wanted to give some feedback and let you know my son Adam enjoyed the sailing and nautical info on your page. He recently did a project about the British navy, and the age of discovery, and learned quite a bit about sea-faring and shipbuilding. It really got him hooked on sailing! He's been doing quite a bit of research and he had mentioned the GP14 web page a few times, and I thought you'd be glad to hear!

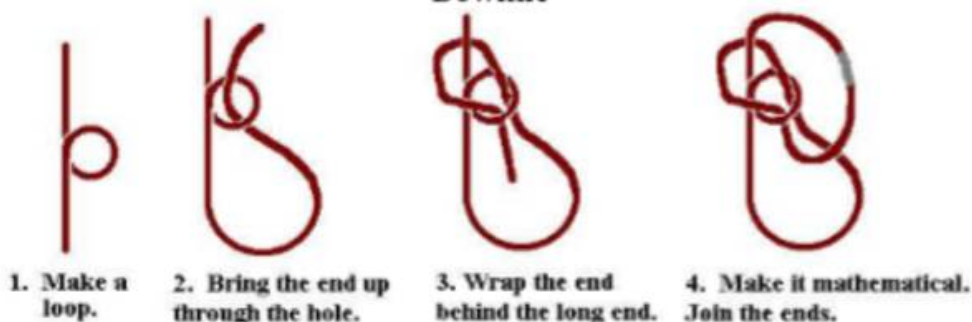

Adam has struggled to find hobbies and subjects that interest him lately, so I was thrilled when he expressed an interest in sailing! We are going to get him some sailing lessons, but Adam wanted to send you a note and suggest an article to share with your members on various knots that are helpful for any sailor to know.

Ally and Adam Fuller

Overhand

Bowline

Square Knot

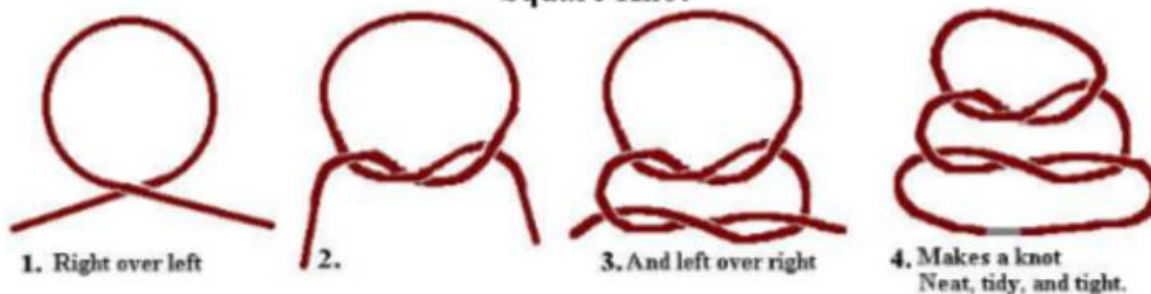

Figure Eight Knot
